

Information

Here is some information to get you started in your journey with the Olathe South Computer Science Honor Society

- **Meeting times:** Every Tuesday during advisory (Exceptions can be made)
- **What we do:** Host community events to help get the community at Olathe South and Olathe, KS as a whole involved more in computer science while also creating pathways and learning experiences for the people in the Honor Society.
- **Contact Information:**
 - **Mrs. Higgins:** khiggins@olatheschools.org
 - **Lawrence Burton:** 852lwb23@students.olatheschools.com
- **What your purpose in all of this is:**
 - The Olathe South Computer Science Honor Society is here to help the community, you are to help with the service projects and other activities that are planned to the community
 - We are also here to help you make things happen. If there is a service project, or a project that you think would be beneficial to the community or those around you then please let us know as we want to help you achieve your goals.
 - You are here to learn and grow with computer science. With the service projects that you do you will learn more about computer science and grow with it to help you become a better programmer and person along the way.
